

You make change possible.

Too many individuals and families in Northeast Florida live in poverty or one crisis away. United Way of Northeast Florida fights every day to change this.

Thank you for believing in a stronger, more hopeful Northeast Florida.

Together, we believe all people should have their basic needs met.

We believe every child should have an equal opportunity to succeed in school.

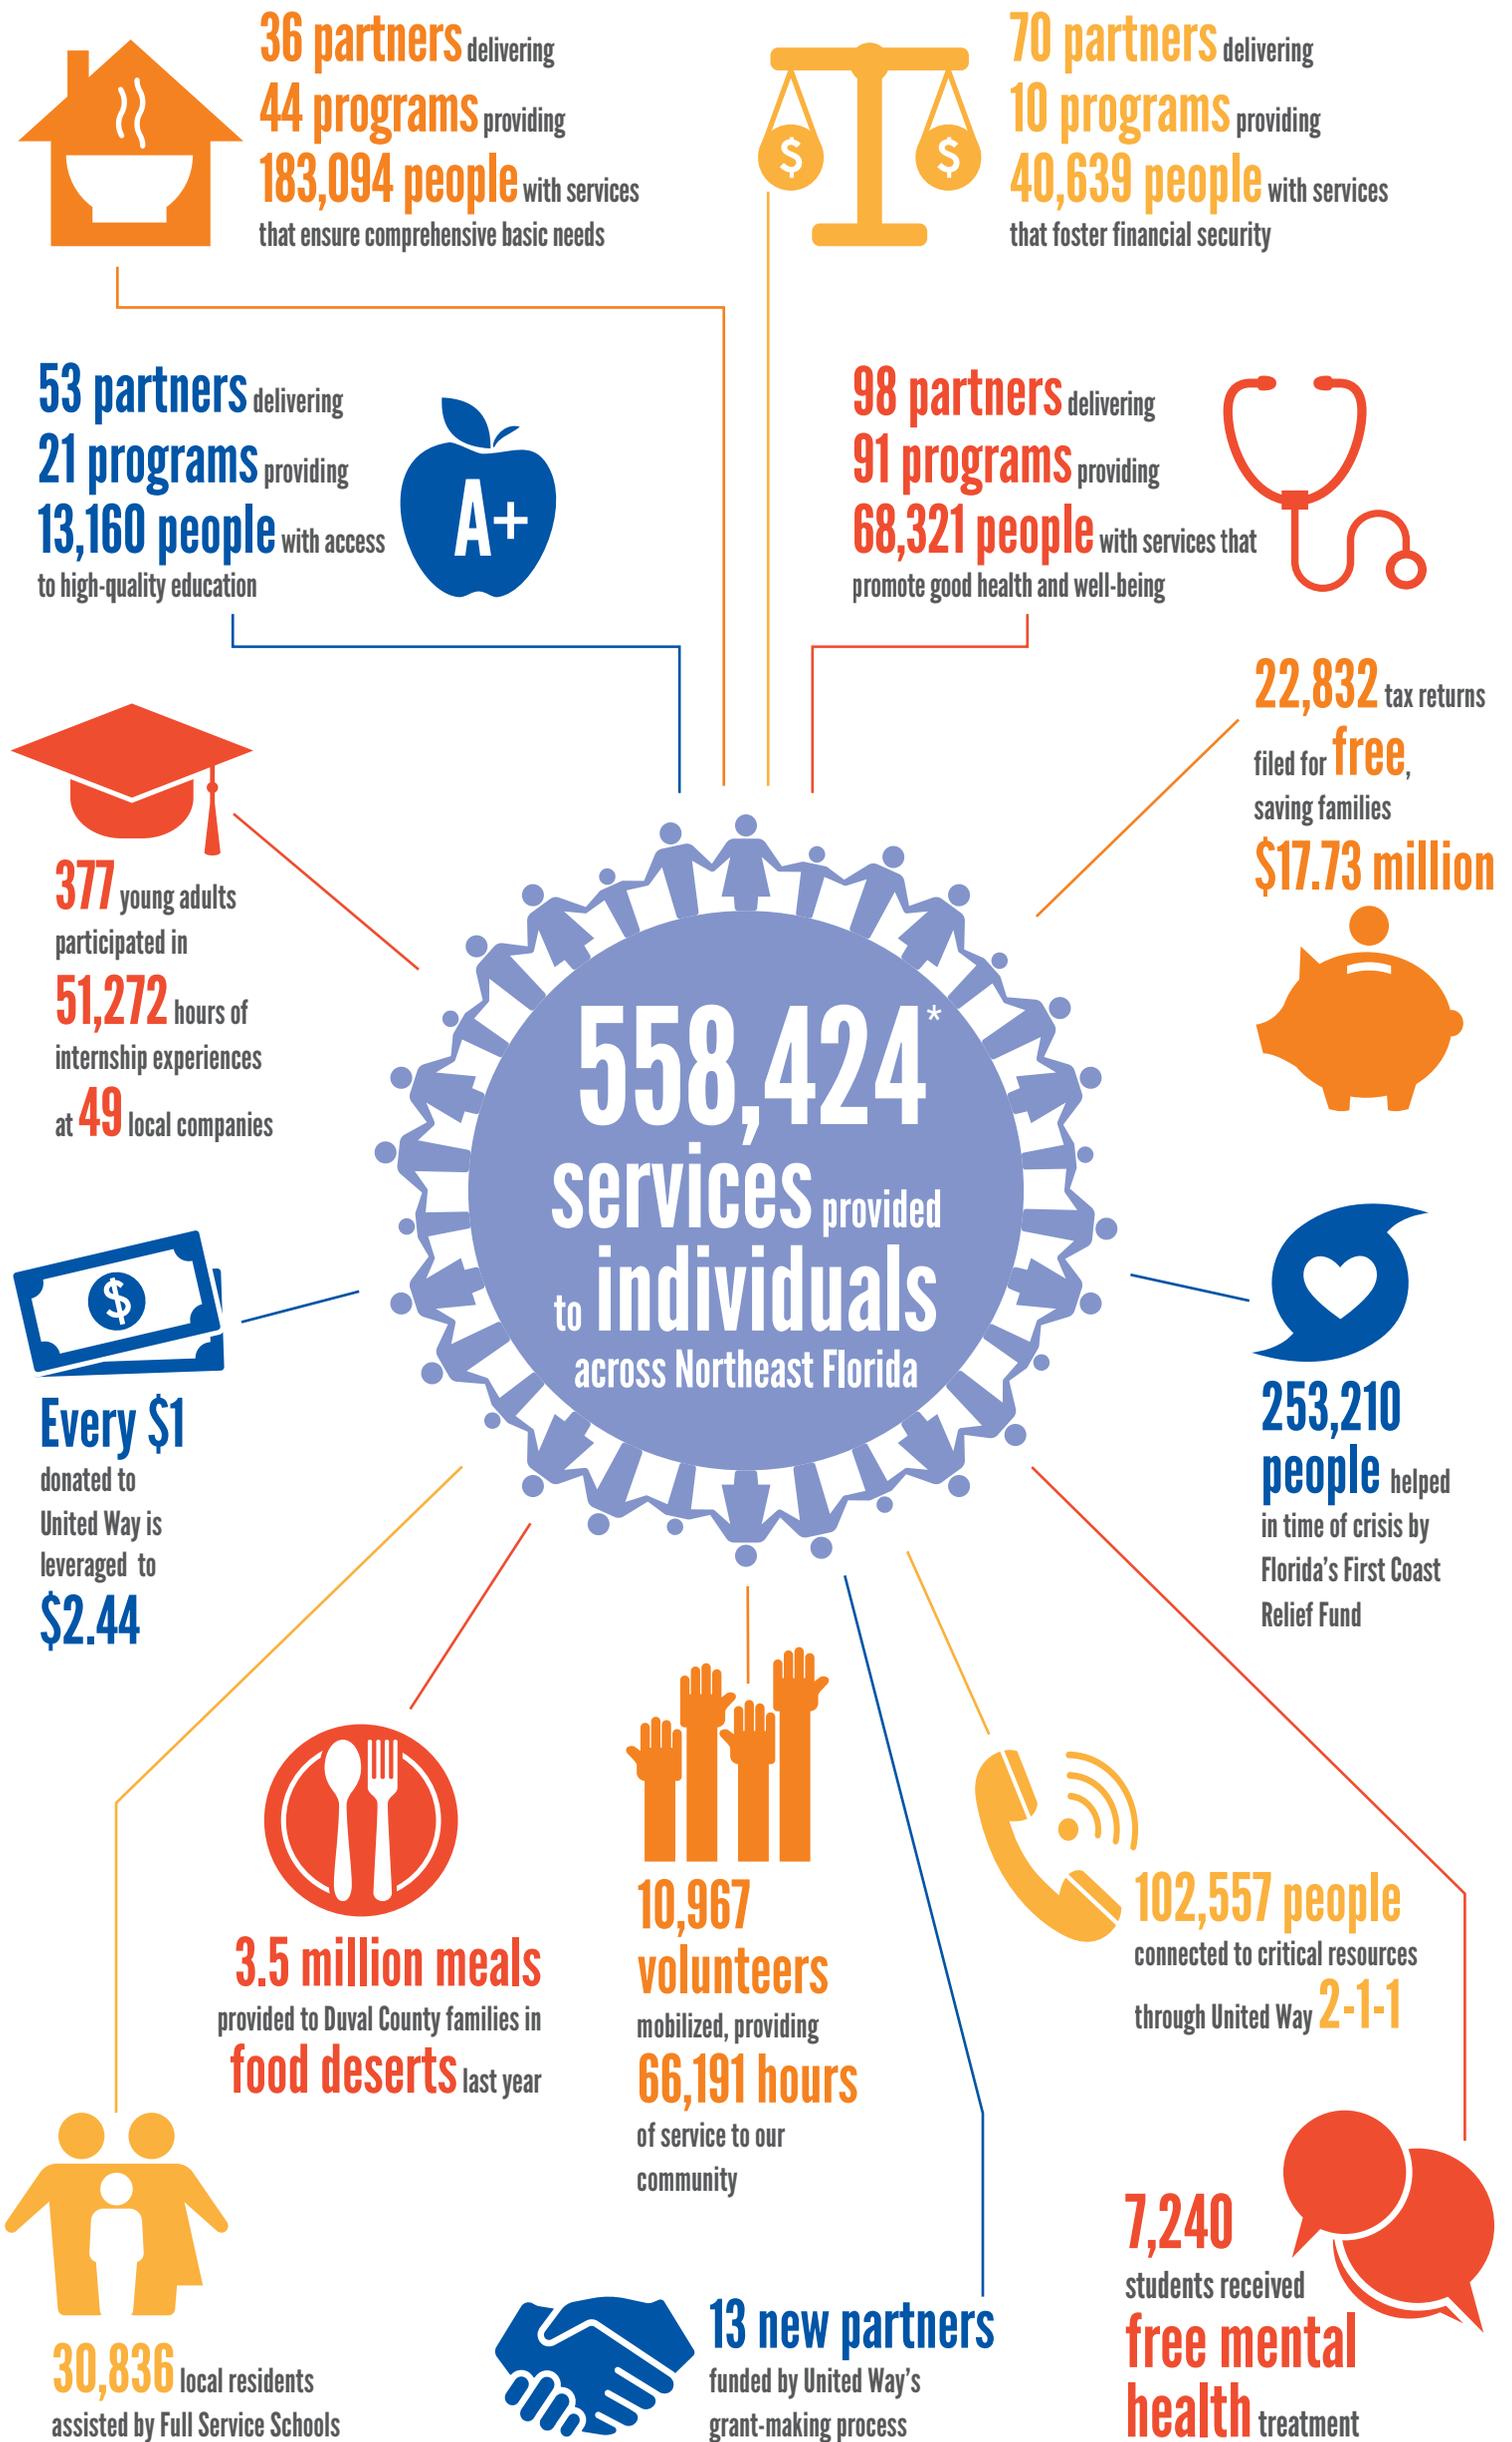

We believe everyone should have access to critical health resources so they can be physically and mentally well.

We believe all hardworking families should be financially secure.

We believe new strategies are essential for addressing emerging issues.

But we know change doesn't happen alone. Real community change takes partners, donors, volunteers, corporations, community leaders, advocates and – most of all – you.

Thank you for changing lives.

And so much more. The results above are just a fraction of the change we create together.

Information based on fiscal year 2017-2018.
