

# Meet Deonte

## Full Service Schools changed his life

Deonte recently graduated from high school in Duval County. That might not have happened without Full Service Schools.

Two years ago, Deonte was failing in school and experimenting with drugs. He was unmotivated and under a lot of pressure.

Desperate and looking for food, Deonte's family went to the Sandalwood Family Resource Center, their neighborhood's Full Service School. The staff offered not only food for the family but also counseling for Deonte.

Deonte started going to counseling to talk through his feelings and learn coping skills. Things started to improve, but due to legal issues, he was ordered to complete community service.

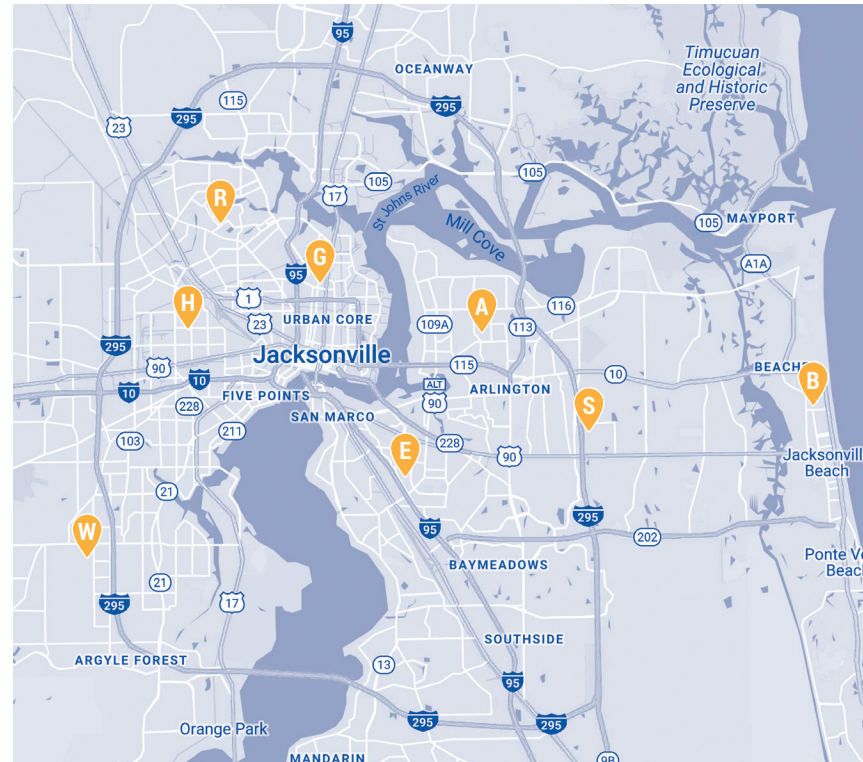

After he completed his community service at the Sandalwood Family Resource Center, Deonte was a changed person. He completed homework on time and was no longer interested in drugs. He learned the importance of commitment, working hard and serving his community.

**Because of Full Service Schools, Deonte got his life back on track.**

**"I'm so proud of him. He really is a whole other person."**

**— Theresa, Deonte's mom**
